WHAT TO KNOW ABOUT TRAVELLING TO HONG KONG

- Please check your Visa eligibility before departure. If you require a visa, ask our registration team for a visa letter to support your visa application process.
- You must obtain a negative RAT test before arriving into Hong Kong and fulfil minimum vaccination requirements.
- Upon arriving into Hong Kong, you will be under medical surveillance for 3 days, and during this period, subject to Amber Code restrictions. You will still be able to attend the Congress under Amber code restrictions.
- You will need to undergo daily negative RAT tests, and on day 2 complete a negative PCR test.
- You will need to self monitor your symptoms in the subsequent 4 days by completing daily RAT tests until day 7. On days 4 and 6, you will need to undergo a PCR test.

The Congress will have RAT tests available onsite at the HKEC and PCR testing facilities in close proximity to the venue.
